| 42 | Irritable Bowel Syndrome | Carrollton, TX |
| 48 | Multiple Sclerosis | Phoenix, AZ |
| 176 | Schizophrenia/Bipolar/ADHD | Los Angeles, CA |

YOUR WEB DESTINATION FOR CLINICAL TRIAL LISTINGS AND PATIENT REFERRALS

Connecting Study Centers and Patients
With a quarter million visitors each month, more patients are going to ClinicalConnection.com than any other non-government clinical trials search portal in the U.S.* That's why so many investigator sites are accelerating patient recruitment by posting their studies on ClinicalConnection.com

In just a few clicks patients can search for clinical trials, sign-up for trial notifications, and connect to study centers like yours.

**Your program was
a lifesaver for our study.**

- Brian Raether,
Arena Pharmaceuticals

Join the academic research centers, hospitals, physician practices and independent research sites that depend on ClinicalConnection to

deliver motivated patient referrals for treatment, supportive care, outcomes, healthy volunteer studies and more.

Let Our PatientEdgeSM Recruitment Database Work for You

When you post your studies on ClinicalConnection.com, we'll mine our database of over 400,000 members, notify those who fit your study profile and location, and invite them to click to your study posting.

Each month ClinicalConnection refers thousands of patients and healthy volunteers to research centers that post their trials. Our visitors and members are interested in studies for a wide range of therapeutic indications.

**Study centers looking
to get the most from
recruitment budgets go to
ClinicalConnection.com**

Featured Services

Patient Friendly Trial Postings

Trial seekers can search your ClinicalConnection study postings using keywords (e.g., chronic obstructive pulmonary disease, COPD, breathing, lungs), zip code and distance. Each posting incorporates a text study summary or your recruitment flyer.

PatientEdge™ Database Recruitment

Study sites tell us it's the quality of our patient referrals that prompts them to post their studies on ClinicalConnection again and again. Our rigorous trial notification sign-up encourages those committed to study participation to become members.

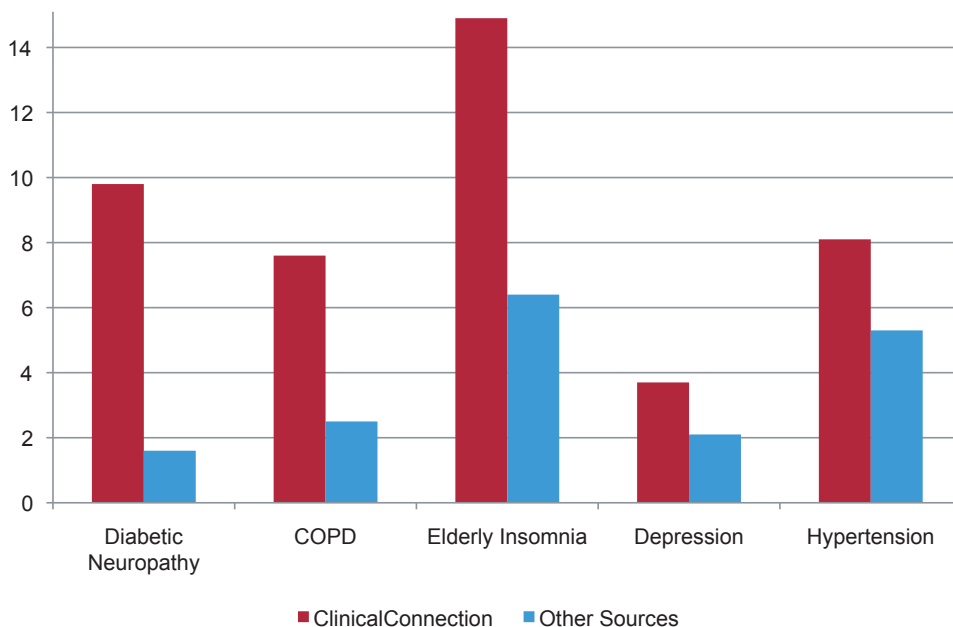

ClinicalConnection's Clinical Ad Network

Optimize patient recruitment with the Clinical Ad Network, an optional service that enables more people to view your studies on ClinicalConnection.com. We place targeted advertising on leading search engines and health websites, with a link to your ClinicalConnection study posting.

CLINICALCONNECTION OUTPERFORMS OTHER RECRUITMENT VEHICLES

Referral to Randomization Rate (%)

SPONSORS ARE DEPENDING ON YOU.
YOU CAN DEPEND ON US.

You have been great with referrals.

- Georgina Southerland,
Discovery Clinical Research

I have recommended you to every
sponsor and to colleagues.

- Kay Vasden, Tampa
Medical Group

Good for studies that are difficult to
enroll and for conditions that are hard
to treat.

- Kathy Hann, DMI Research

The cost of this service makes it a
great way to contact potential subjects
that already have an interest in and
knowledge about research.

- Kellie Harden,
San Diego Clinical
Research Center
